Bursary Policy – September 2026

This policy sets out the eligibility and process for application of the 16+ bursary at the school.

1. Eligibility

To be eligible to receive a bursary in the academic year 2026-27 the student must be aged over 16 and under 19 on 31 August 2026 and must satisfy ESFA residency criteria. The financial support available is from the 16 to 19 Bursary Fund.

If the student is aged over 19 they will not be eligible for the discretionary bursary unless they are continuing on a study programme they began aged 16 to 18, or have an Education, Health and Care Plan (EHCP). Students aged 19 or over are not eligible for bursaries for vulnerable groups.

The bursary should be used for specific educational purposes such as:

- Transport costs.
- Meals in school.
- Books & equipment.
- Educational trips. The Bursary can be used to contribute towards essential and directly relevant, up to the bursary allocation.
- University visits/university interviews.

To receive a bursary the student must satisfy the following conditions:

- The student's attendance must be above 95%
- The student must adhere to the school's Positive Behaviour Policy

2. Levels of Bursary

There are three levels of bursary payment:

Level One - Bursaries for Young People in Defined Vulnerable Groups

How much financial support is available?

Up to £1200 per year spread across the academic year.

Who is eligible for this level of bursary?

- Young people in care.
- Care leavers.
- Young people in receipt of Income Support, or Universal Credit because they are financially supporting themselves, or financially supporting themselves and someone who is living with them.

- Disabled young people in receipt of Disability Living Allowance or Personal Independence Payments in their own right, as well as Employment and Support Allowance, or Universal Credit in their own right.

How is it to be paid?

It is the school's policy, wherever possible, to pay students their bursary in kind and purchase the necessary resources required by individual students directly for them up to the set amount of the bursary. Where this is not possible and with prior agreement, the school will reimburse funds directly to the student's own nominated bank account, except if there are exceptional reasons as to why the funds cannot be directed to the student's own bank account, upon receipt of a valid purchase receipt or invoice, for the item bought. The school understands that the bursary may be required at different rates throughout the academic year to provide support, as particularly at the start of the academic year students are required to acquire specific resources for their individual A Level subjects. Meeting the criteria for a bursary for a vulnerable group does not automatically guarantee funding will be awarded. A limited award, or no funding could be awarded where individual financial circumstances are assessed as not meeting the criteria for financial assistance for a defined vulnerable group, as there are no assessed financial needs and/or individual financial needs are already covered from other sources.

Level Two

Who is eligible for this level of bursary?

- Students who are in receipt or have been in receipt of Free School Meals in the last 6 years.
- Students whose parents' earnings are below £20,000.
- Students whose parents are in receipt of Child Tax Credit, Working Tax Credit and/or Universal Credit.

The process for administration

Students apply for funds for specific educational purposes (see the section on Eligibility). The Remissions Panel will assess each claim and authorise payments up to the permitted maximum for each individual student in the 2026-2027 academic year. If the school have been provided with historical evidence of FSM entitlement, parental earning evidence is not required. Students must provide proof of parental earnings together with any supporting evidence linked to the criteria outlined above if they are not in receipt of FSM.
