

4 October 2021

Dear Parents and Carers,

E-scooters

We have received a report from a member of the public regarding e-scooters (electronic scooters) being used by our students as a means of transport to and from school.

We would like to remind all parents and carers that it is illegal, and potentially extremely dangerous, to use e-scooters on public roads or pathways. Students must not be travelling to or from school using e-scooters.

Further information on road safety can be found at <https://www.think.gov.uk/>.

Thank you for your co-operation.

Yours sincerely,

Mr C. Love
Assistant Headteacher
