

4 May 2022

Dear parents and carers,

Morrisby Testing for Year 10 students

As part of our career's education programme, we offer students in Year 10 the opportunity to participate in Morrisby Psychometric Profiling. This is a tool used by many organisations to identify individual strengths and weaknesses and can help students to explore their career choices.

The Morrisby Profile test is offered to students at a cost of £30 and the test is to be taken at home by students using their own devices.

Participating students will take an online assessment taking approximately 100 minutes, although this can be broken down into several sessions. Students are not tested on knowledge but are asked questions about skill and subject preferences using a series of timed assessments. They should undertake the test in a quiet environment with no distractions. Once the assessment is complete, students will have access to personally tailored career and education suggestions, plus a wealth of careers-related resources.

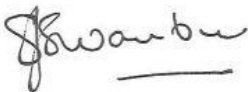

To enrol please click on this link: [Morrisby Pay Purchase](#)

Payment of £30 is made directly to Morrisby. Students are then able to take the test at any time from now until the end of the summer term. Morrisby will generate a code to allow students set up their Morrisby account. They do this by going onto the Morrisby website <https://www.morrisby.com> clicking onto the sign-up tab and following the instructions.

Students will not be excluded if unable to purchase the testing due to financial hardship, if this is the case, please contact the Finance Department at financequeries@wealdgs.org. Equally, if you do not have access at home to a suitable device, please contact me so that I can arrange for in school testing.

If you have any questions or would like any further information, please either email me at sswanton@wealdgs.org or visit www.morrisby.com/students. I have attached two documents, which provide further information.

Yours sincerely,

Sara Swanton
Careers Manager
