

# ART

The intention of the Art curriculum at Weald of Kent Grammar School is to show students that Art is accessible, inclusive and relevant to everyone.

We aim to provide a broad curriculum that gives students an opportunity to explore a wide range of materials, techniques and processes to develop their practical and theoretical knowledge. We want students to observe the world around them and question visual imagery. We aim to develop independent learners who are passionate about their work and enjoy the subject regardless of their technical abilities.
