Nova Children's Project

Nova Children's Project is a local non-profit organisation providing clubs and playschemes for children and young people with moderate to severe learning disabilities and/or complex medical needs.

They are currently looking for volunteers to help at the Summer Playscheme 2026 in Tunbridge Wells and Tonbridge. Not only is this a fun and rewarding opportunity, but it also provides valuable experience for those who are interested in pursuing a career in medicine or health and social care. It can also be used towards required hours for schemes such as DofE.

The website www.novachildrensproject.co.uk/volunteer-with-us has full details, including a FAQ section, testimonials from volunteers and a video that gives an insight to the role. Anyone who would like to volunteer for the Summer Playscheme can register through the website by **15 May**, please contact info@novachildrensproject.co.uk if you have any questions.

In previous years they have had a great response from Weald students, some of whom have been a real asset and stayed for many years.

Explore Apprenticeships at Warner Bros. Discovery

There is a live online session with Warner Bros. Discovery on 16 June at 6.30pm. See [here](#) to book.

Join Warner Bros. Discovery for an exclusive look into what it's really like to begin your career through the WBD Apprentice Programme.

Whether you are exploring your next step after school or simply curious about apprenticeships in a global media and entertainment company, this session will give you the insights you need.

Learn about WBD's Apprentice Programme and the skills you can gain in a world-leading business.

Get a clear breakdown of the application process and tips on standing out.

Hear from current WBD apprentices who will share their honest experiences, challenges, and career journeys so far.

Discover upcoming apprenticeship opportunities across the business.

Young Professionals Summer Conference – London

Young Professionals are incredibly excited to invite you to the Young Professionals Summer Conference in London at Friends House, based in Euston, London. It is their biggest and most ambitious event to date. Taking place on Saturday 18 July, 2pm - 6pm, this is your chance to join them and meet some of the most prestigious employers in business, banking, finance, law, engineering, and technology, all in one place. As it is taking place at the weekend, at the end of term, no school time will be missed.

This event is designed for ambitious students who want to connect directly with top employers, gain insider knowledge from industry leaders, and set themselves up for career success. With a packed schedule of keynote speeches, interactive workshops, and networking opportunities, this is an unparalleled chance to gain a competitive edge in your chosen industry.

See [here](#) to book your ticket. The cost is £26 for the afternoon.

Free Parent Webinars at InvestIN

Following the success of their recent webinar, 'A Parent's Guide to Life After School', InvestIN are launching a new series of free parent webinars this month, designed to give parents practical advice and expert insights to support their children.

With exam season approaching fast, our first session, on Wednesday 29 April, covers how to recognise signs of stress and burnout and create a supportive environment at home.

See [here](#) for details.

University of Brighton Summer Schools

See [here](#) for details of the University of Brighton summer schools programme which offers you the chance to experience what it is like to study at university.

They offer three types of summer school – on-campus residential (staying overnight in halls), on-campus non-residential (attending each day, not staying overnight) and online. Eligibility criteria may apply.

Multi University Conference

Online on Saturday 25 April join Lancaster University, University of Exeter, University of Bath, Cardiff University and Keele University to learn more about the UCAS application process and study at university.

Sessions will include:

- Choosing A Course
- Writing an Effective Personal Statement
- Managing your Money
- Ask the Students and Experts

See [here](#) to book your place.

Work Experience at the Met Office

See [here](#) for details of work experience at the Met Office both online and in-person.

The online Forecasting your Future is run via Springpod and is on-demand so you can do this at any time.

In-person placements are available throughout the year with a variety of teams including Forecasting, Technology, Engineering and Communications. You must have completed the Forecasting the Future virtual programme to apply for any in-person placement.

Girls into Electronics

Girls into Electronics is a unique opportunity for female students – in Years 10, 11 and 12 – to explore Electronics. At the heart of the programme is a series of one-day events, during the summer term, hosted by the UKESF's partner universities. During the day, participating students find out more about Electronics and studying the subject at university level, hear from female graduate engineers working in the Electronics sector and get 'hands on' with Arduino microcontrollers.

See [here](#) for details.
